June 20 is **World Refugee Day**. To mark the occasion and this year's 60th anniversary of the 1951 UN Refugee Convention on 28 July, UNHCR is launching a six-month campaign aimed at promoting public awareness of the stories of individual refugees and other forcibly displaced people. The campaign features a number of media products including a video by [UNHCR Goodwill Ambassador Angelina Jolie](#), a new online video experience called "**1 Life, 1 Story**" in which refugees tell their own stories, and related publicity materials inviting members of the public to get involved and [Do 1 Thing](#) to help refugees, such as follow UNHCR on [Facebook](#) and [Twitter](#). UNHCR is inviting media organizations to also engage and support the campaign via their news and blog sites. For interested media organizations, [online digital banners](#) are available for this purpose. Join us in letting others know that even one person forced to flee war or persecution, is one too many.
